**Leadership
class 2013**

Our Action

Made meetings with various people related transportation

Took notes from the meetings to gather data and information helpful to us

Our Goal

Continue meeting with people building relationships with those involved with transportation

Propose a final plan

Bring more people into our cause and help us state our issue

Conclusion

In our facts & findings we all agreed that its a well known fact that public transportation is a huge problem in the united states & a huge part of that is money related. Our ultimate idea is to come up with a resolution that will work but not cost the state an enormous amount of money
