

Multi-Tiered Systems of Support for Behavioral Health & Wellness

Tier 1 Leadership Team Training Series

This virtual training will train school-level leadership teams on how to establish Tier 1 “Universal” systems for behavioral health and wellness. Teams will learn how to organize their learning community to include diverse school and community voice, create a positive school-wide system, align multiple efforts and resources, and create a coherent, consistent, and positive environment for all students.

We will also address how to implement MTSS virtually and support parents to promote social-emotional wellness. Sessions will take place online via Zoom, and will include small group discussions in virtual breakout rooms. This comprehensive training also includes sessions for school-based coaches and individualized consultation for teams.
