Crisis Prevention and Preparedness: Comprehensive School Safety Planning

Workshop 1 of the PREPaRE School Safety and Crisis Preparedness Curriculum

This one-day workshop provides school personnel knowledge and resources important to establishing and sustaining comprehensive, ongoing school safety and crisis prevention, mitigation, and preparedness.

Making use of existing personnel, resources, and programs, PREPaRE can be adapted to a school's needs and size. Training reinforces improved school climate, student behavior and academic functioning, student resilience, and school staff crisis response capabilities.

The PREPaRE School Safety and Crisis Preparedness curriculum is developed by the National Association of School Psychologists. Find more information at nasponline.org.
