The **NH Leadership Series** (NH Leadership) develops self-advocacy and leadership skills for individuals with disabilities and their family members who want to affect change on a personal, community, and statewide level. Over the past 30 years, the program has directly served 1,000 people who, in turn, have shaped NH’s disability systems and policies.

**NH Leadership** graduates serve on school boards, family support teams and councils, judicial benches, and community boards. Nearly 100 graduates have served as elected officials including state representatives and senators, the governor of NH, and a US Senator.

Every year, **NH Leadership** trains approximately 35 new leaders during an eight-month period at a variety of off-site locations.

**During the 2019/2020 program session, we’re offering sponsorship opportunities which will allow businesses and organizations to support NH’s premier disability leadership program, and help strengthen local communities and our state. We’ve created local, regional, and statewide sponsorship packages which will create maximum exposure for your business or organization.**

Join us as we improve the lives of individuals with disabilities and their families!
